Custom Designed Stock Programs

The Cardeens Stock program is designed to set you and your business apart. You choose the fabrics. You choose the styling. You choose the fit; all with your private label, reflecting the quality and selection your customers deserve. Cardeens' talented team of professionals will work closely with you to design a line of shirts unavailable anywhere else. Whether you're looking for one-of-a-kind styling or a fit you just can't find in the ready-made world, Cardeens is your answer.

The advantages are clear:

- Unique offerings available only in your store
- Low minimums and ability to re-order any amount or size at any time
- Custom-made quality ready on your shelves – No need for your customer to wait
- All shirts are hand-cut and sewn – top quality guaranteed
- Private label exclusivity (label design and production available)

The process is simple:

- 1) *Select the fabric(s)*. Each of our 400+ fabrics is available to you. We have a diverse selection of offerings at many different price points that will suit your needs.
- 2) *Style the Shirts*. Whether you're looking for that classic look or high-fashion design, the options are endless.
- 3) *Determine the fit*. After a brief discussion about your customer's preferences and needs, we will hand-cut patterns to be used with your unique size scale.

Once we've completed these simple steps, Cardeens goes to work for you. We immediately go into production of your new line. Your custom designed shirts can be available to ship in as little as three weeks, with reorders as easy as a phone call. We keep our minimums at a low 20 shirts, with reorder minimums even lower. Prices begin at \$31.50; an extraordinary value for a custom designed, private label dress or sport shirt.
